Oak Lake Community School

Week of January 22

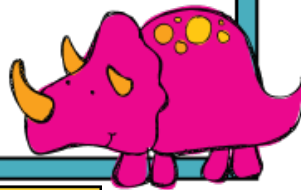

Skating

I am still looking for any volunteers that might be available from 12:30-1:30 on Friday to help tie skates at the rink. I would like to go Friday if possible and be able to use the bus with the older classes curling. I will be sending out notes to let me know what your child would need for supplies. I don't think this will be possible, however, without a few helpers!

Welcome to our new student!

We have had a new grade 2 student arrive in our classroom after the break. Her name is Taylor and she has moved her from Minot, North Dakota!
We have been very happy and excited to get to know her these last couple of weeks. Welcome Taylor!

Special Reminder:
Jump Rope for Heart
=Jan.25th. Collect some pledges!
